

Welcome to the Great Cosmic Mother's Presence Initiation

A Personalized Initiation to the presence of the Great Cosmic Mother

Sofia, ...
The Golden Dragon of the Emerald Ray ...
All the letters emerge from it ...
To create the seven realms, the seven skies ...
There are seven rays in me ...

Each Ray has polarity in it
Each Ray can be duplicated into 7 other rays.

The Law of Duplication is what allows you to incarnate in this realm again,
Holding and carrying the Fluid of Life,
That comes from the Cosmic Mother ...
You are here to manifest what was lost and forgotten,
You bring it back and spread it,
You duplicate it, you duplicate your presence on Earth.

You are the Ray that needs to walk on Earth now.

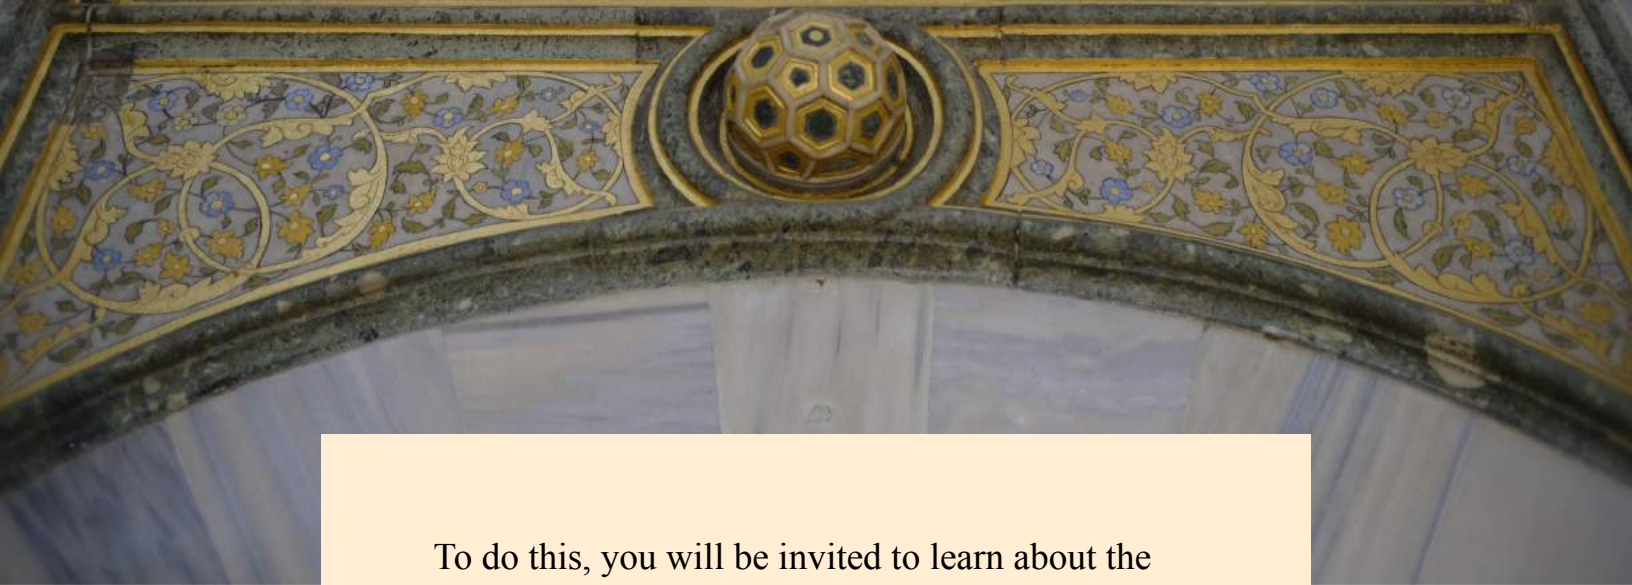

During this initiation into the Temple

Every Ray comes with its own stories and speaks its own becoming, holding its own geometry, the Key of Life ... the flower...

In the next months, we will explore more deeply your essence and presence on earth as a Ray.

We will support you to put the stones of your manifestation on earth as a Sacred Essence Ray Presence and how to walk in grace.

To do this, you will be invited to learn about the art...

- The Art of Ceremony, sound, etc.
- The Art of Emotional Alchemy through Myths
- The Art of merging the masculine and feminine
- The Art of sacred geometry and how to apply it
- The Art of manifesting your Essence as an Avatar presence
- The Art of collaboration with the spirit, animals, plants, and human realms
- The Art of Dreaming and Dreamwork

Like a new baby, you will learn **new ways of communicating** with yourself, others, and the world, as it is central to spreading who you are.

You will see the world in new eyes, and the world will see you in new eyes.

Meet **the Cosmic Mother and the Essence of Roses**, who will journey with you to the Center of your being.

Explore the different presences you have undertaken through the different realms and bring their gifts back to this realm.

Accept to be the Sacred Essence Ray Presence now. Accept and surrender to it.

This is The golden Path

This is the celestial path to meet with her and understand her vibrations and teachings...

« Our Cosmic Mother, nurtures, feeds, awakens, and accompanies us with her golden embrace and supports us in our moments of transformation. With her grace and beauty, abundance, and power, she assists us to rebirth OURSELVES again and gives us strength to cross the veils and meet with our Forgotten Shining Golden Essence. She is compassionate, wise, confident, responsible, joyful, and so many other things. She has come as Isis, Mary, Hathor, Athena, Demeter, Gaia, Shakti, Dakinis, Shekhinah, Astarte, Ishtar, Rhea, Freya, Nerthus, Brigid, Danu, and so many other goddesses and beings. She is the Earth and Sky, she is the stars and oceans, she is our mother and daughter, she is Us. »

With this initiation, you will meet the Golden Cosmic Mother, she will guide you in many ways to connect and give a Full Manifestation to your Essence.

« Delighted with this continuation of the initiation to the Temple of Roses. After doing a first course within a group, meeting the Roses, entering the Temple of the Roses, learning about therapies with the Roses and many other explorations, I am delighted with this second course. with Ouassima more in individual accompaniment. This accompaniment is rich, subtle, expansive for your essence within the temple of Roses which support and carry you. Encounters adjusted to where you are and your own energy. A big thank you for this possibility of evolution and knowledge but above all the possibility of Being its true

essence. »

Are we fit?

This Initiation is for those who:

- Feel called to the path of initiation as a priestess and that have gone through the Year 1 at the Temple of Roses
- For explorers and seekers of truth and those who are open to different schools of thought,
- For knowledge seekers about the Cosmic Mother and book lover and you want to manifest who you are.

This initiation is not for you if you don't have time to study or dedicate to your practice in order to incarnate the priestess within you.

This initiation is not a magic pill or a fancy house, but a long-term work and commitment as we will be helping you to incarnate the essence you are with practice and dedication.

This initiation is about opening yourself to the multiplicity of your being, it is not for those who think there is one way of doing or believing in things.

During this initiation, you are expected to do monthly work, meditations, contemplations, and dedicate time to Research and reading. I can help you get clarity and meaningful progress to achieve your goal to set your practice, this support will be **tailored to you and your needs**; however, there are no perfect answers, **everything is evolutionary like a spiral**, you need openness, compassion and adaptation as I am myself in constant evolution and as I continue to carve myself to reveal the diamond I am and to manifest my Avatar Presence here on earth.

Note: I am not a psychotherapist, please keep in mind that I am a Priestess and guardian of the Temple, if there is some work to be done in some practices, I will refer you to the right specialists.

To directly Register and schedule a meeting.

Entering the Temple is to be in accordance with the values of the Temple.

« Evolving » requires a daily commitment and the proposals, exercises, and meditations of the Temple help you to achieve it.

This is initiatory process that can change your inner and outer vision. It is important for us to keep an atmosphere of trust, sharing and compassion in circles and programs, that is why we ask you to answer some questions to get to know you better and see if we are fit.

If you choose the 3d way, please send me an email and just respond with the heart, I will get back to you with a zoom link to meet and start the training:

- Tell me in a few lines who are you?
- Where are you in your spiritual practice at the moment?
- What training have you taken? What did you learn from them?
- Why are you interested in this training and what do you think it can bring you?
